We are looking for a facilitator to conduct an advocacy training workshop!

To strengthen the advocacy capabilities and opportunities of the members of the African Youth and Adolescents Network (AfriYAN) Uganda Chapter, Reach A Uganda, the coordinating entity of the network with support from UNFPA Uganda is embarking on an initiative to facilitate capacity enhancement in the areas of advocacy for adolescent and youth service delivery with a focus on family planning. Systematize its (AfriYAN) reproductive health policy advocacy work focusing on young people’s family planning. This will include training the AfriYAN Uganda Chapter on strategic family planning advocacy, utilizing the wealth of knowledge present in the Advocacy Toolkit/action plan as well as additional approaches and techniques. An advocacy action plan will also be developed by the members to guide the network’s advocacy efforts for the next 8 months to influence adolescent and youth sexual and reproductive health policy and strategy including family planning at the national and sub national level.

Do you have experience in facilitating teams to develop advocacy actions plans and a passion for improving access to sexual and reproductive health services by adolescents and youth?? Apply today to facilitate the workshop.

To apply, please visit www.reachand.org/afriyan for the Terms of Reference and submit your proposal to info@reachahand.org by May 18th 2018 by noon (EAT) with the SUBJECT: AfriYAN Workshop Facilitator.
